3. To improve teaching learning process through continuous development of faculty and students.
4. To nurture students by inculcating ethical and social values.

## Great Quotes

**“My job is to not be easy on people. My job is to make them better.”**

**-Steve Jobs**  
Co-founder Apple Inc.

### Principal's Desk

---

It gives me immense pleasure in welcoming you to Government Polytechnic Jalgaon. Govt. Polytechnic, Jalgaon established in 1960 with a great vision of contributing to India through excellence in technical education our main focus is on the Quality of Teaching-Learning Process. In the institute we try to adopt such strategies that students' interest in the studies and learning is maximum. They use the entire infrastructure and equipment's available in the department and the Institute. We have accessibility to the industry for training and placement of the students. My organization, is committed towards imparting education. Through this message, we invite you to join this caravan to build a better world, I am personally looking for all round cooperation from all concern.

### HOD's Desk

---

Today we find that information technology has become overwhelmingly pervasive, while its parent, computing science, has become correspondingly hard to find. While many IT educational institutions have shifted focus from core IT and become specialty providers for the IT industry, or else please permit me to say these mass producers of vocationally trained personnel, a few institutions continue to emphasize the pristine science underlying the diverse aspects of computing. This is the single most important attribute of the education offered here. Our department has remained true to the vision on which it was founded.

Our Department has produced hundreds of professionals and has established a name for itself in the country and abroad. I attribute this success to the winning combination of a dedicated faculty that works hard at imparting quality education, a well-planned syllabus and last but not least, our students.

### Index

---

#### ♦Expert Lecture/Seminar/Workshop

1. Full stack Development
2. Personality Development
3. Programming skills
4. 'C' Programming Workshop

#### ♦Technical Events

Inter-college 'C' quiz contest
