NBA Accredited For Six Years

Estd.1964

Vision of the Institute

"To be a premier institute for transforming learners into competent technicians and pharmacists."

About the Institute

Government Polytechnic, Jalgaon, was established in 1960. The institute is governed by the Government of Maharashtra and approved by the All India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI), New Delhi, to offer technical-level diploma and post-diploma program in engineering, technology, and pharmacy as per the norms of the Maharashtra State Board of Technical Education (MSBTE), Mumbai. The campus is spread over a land area of 52 acres. Under a World Bank-assisted project implemented during 1992–97, infrastructure facilities have been enhanced, and High-Tech equipment has been procured. The institute offers a need-based continuing education program, testing, and consulting services to businesses and industry, as well as services to the community through technology transfer.

Our three departments—IT, Electrical, and Pharmacy—are accredited by the NBA.

Vision of the Department

" Nurture Pharmacists, Serve Community "

Mission of the Department

- □ Imparting quality education to meet the needs of industry & community.
- □ Bringing academic excellence through innovative teaching & learning practices.
- □ Making students self reliant by nurturing entrepreneurial & employment skills.
- □ Providing platform for all round development of students & inculcating ethics, values & attitude.
- Providing pharmaceutical care to community & serve them for betterment of their health.

About the Department of Pharmacy

The pharmacy department, established in 1964, is a center for academic and professional excellence. Our facilities include modern laboratories, a library, a medicinal plant garden, and a state-of-the-art classroom, all supported by an experienced faculty. We have received consistent grants from DTE and MSBTE, which have enabled us to organize faculty development programs and state-level competitions. Our department has earned an "Excellent" rating in academic monitoring from the MSBTE since 2013 and has been sanctioned a MODROB grant by AICTE to upgrade our laboratory infrastructure.

During the lockdown period, our faculty provided training to over 5,000 educators on contemporary teaching methods. We have also implemented a Special Cell for Personality Development and Career Guidance (SPDC) to support SC/ST students and established a self-financed National Service Scheme (NSS) unit for student social development.

A major recent achievement is the attainment of National Board of Accreditation (NBA) status on our first attempt, valid until June 30, 2030. This recognition validates our adherence to high standards of quality in education and infrastructure. This accomplishment reaffirms our belief in education as a powerful tool for positive social transformation.

Dr. Parag M. Patil,Principal (I/C)

Dear Readers, Greetings,

The Department of Pharmacy newsletter is now available. This issue covers recent events, notable faculty research, and significant alumni accomplishments. Our department has been accredited by the National Board of Accreditation for six years, a clear indicator of our high standards in pharmacy education. We recently rebuilt our biochemistry lab with funding from AICTE's MODROB initiatives, and our students have performed exceptionally well in IEDSSA intercollegiate sports. It was a pleasure to host many of our alumni back on campus. I extend my congratulations to the "Smrutisaar" team for producing this newsletter.

HOD's Message

Dr. Chaitali R. Pawar, Head, Pharmacy Dept.

Dear Readers,

Welcome to the latest issue of our department newsletter! Our strength lies in our dedicated faculty, who consistently help students achieve academic excellence. We're proud to announce that the department has been accredited by the NBA for six years, a testament to our commitment to high educational standards. This year, we hosted a State Level Quiz Competition for Diploma Pharmacy students, sponsored by MSBTE. We also organized a variety of visits to hospitals, medical stores, water treatment, sewage plant treatment and medicinal plant gardens to give our students a well-rounded educational experience. A special thanks to the "Smrutisaar" team for their hard work on this newsletter. We invite all readers to share their ideas for future issues..

From the Editors Desk

Dr. Rakesh B. Daude ,Editor-in-chief

Dear Readers,

The Department of Pharmacy is proud to present its latest newsletter, Smrutisaar 2025. This issue highlights recent department activities and faculty contributions. A major achievement includes the six-year accreditation from the NBA and the upgrade of our laboratory with new, state-of-the-art equipment. We also celebrate the academic and athletic accomplishments of our students, particularly their success in the MSBTE examinations. We extend our gratitude to our alumni for their ongoing support and to our readers for their insightful feedback. We value your input and look forward to hearing from you.
